

# **Supersonicboom**

## **” Make some Noise”**

### **2011 Review**

It was a lovely warm day, Oadby, Wigston and South Wigston’s largest music event, took place on the 17 August 2011 at Blaby Road Park, 12pm till 4pm next to South Leicestershire College.

I got the opportunity through being a longstanding member of Oadby and Wigston Youth Council, we had a store which included a flyer, a business card and some survey’s this was done promote the youth council.

Our members had huge involvement in organising and judging the talent show. I was fortunate to be chosen to be one of the judges along with three of my colleagues. We were entertained by an hour of fantastic talent, the winner of the talent show Tilly May Thomson, who received a £250 prize.

There were many of stores, with a variety of activities for the whole family including loads of freebies, with useful information from different organisation like Connexions.

“My family said it was a great day with hundreds of fun packed activities”. On a personal point of view I thought Supersonicboom was a brilliant event, but this year I think there were many thinks to be improved, for example there were too many activities for the young children.

I really enjoyed the event supported by Network Rail, because they had loads of freebies and different workshops, for example animation and I was also given a radio interview. There was also a verity of food like samosas, Network Rail also gave away free T-shirts bags and drink bottles.

I think since the Network Supersonic event, on a personal point view the event lacked on its positive vibe and atmosphere. Overall I think the youth council puts in a valuable contribution towards all Supersonicboom events.
